

# LEWISTON and YOUNGSTOWN TELEPHONE DIRECTORY

## DECEMBER 1949

At 7:00 A.M., Wednesday, December 14, all telephone numbers in Lewiston and Youngstown will be changed with the conversion of these offices to dial operation.

This directory contains the new Lewiston and Youngstown telephone numbers. Please refer to this directory on all calls to Lewiston and Youngstown customers after that time.

### TO MAKE OUT-OF-TOWN CALLS

From Lewiston to Youngstown—Dial the listed number

From Lewiston to Niagara Falls—Dial "9" and then dial the listed number

From Niagara Falls to Lewiston—Dial "9" and then dial the listed number

From Youngstown to Lewiston—Dial the listed number

All other out-of-town points—Dial "Operator"

### HOW TO USE THE DIAL TELEPHONE

#### LEWISTON CALLS

1. Obtain the number from the directory. For example 6-6339.

2. Remove the receiver and listen for dial tone—a steady humming sound. Be sure to leave receiver off while dialing.

3. Then place your finger in the hole over the figure "6" and turn the dial around until your finger strikes the stop.

4. Raise your finger and without touching the dial allow it to return to its original position.

5. Then dial the figures "6" "3" "3" and "9".

Listen for the RINGING SIGNAL, an intermittent burr-ringing sound indicating the called telephone is being rung.

If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz quicker and louder than the ringing signal.

For ASSISTANCE on local calls dial "Operator."

#### YOUNGSTOWN CALLS

To call Youngstown customers, dial the number in the same manner as for calls within Lewiston.

#### NIAGARA FALLS CALLS

Dial "9" and then dial the Niagara Falls number.

#### OTHER OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

#### EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION AND REPAIR SERVICE calls, dial "Operator."

#### HOW TO CALL THE OTHER PARTIES ON YOUR LINE

Parties on your line are shown on the reverting code card which has been furnished you.

To call another party on your line, dial the code number and then replace your receiver on its holder.

Your telephone bell, as well as that of the called party, will ring. You will hear either the called party's ring or your own. When the called party answers, your bell will stop ringing.

Then remove your receiver and talk to your party.

If your bell does not stop ringing after a reasonable time, it means that the called party does not answer and you should remove your receiver for a short period and then replace it. This will stop your bell ringing and disconnect you from the called party's telephone.

If you do not have the code number of the party you wish to call dial "Operator" and ask for it.

**Youngstown**

**HOW TO USE THE DIAL TELEPHONE**

**YOUNGSTOWN CALLS**

1. Obtain the number from the directory. For example, 7-7339.
2. Remove the receiver and listen for dial tone—a steady humming sound. Be sure to leave receiver off while dialing.
3. Then place your finger in the hole over the figure "7" and turn the dial around until your finger strikes the stop.
4. Raise your finger and without touching the dial allow it to return to its original position.
5. Then dial the figures "7" "3" "3" and "9".

Listen for the RINGING SIGNAL, an intermittent burr-r-ring sound indicating the called telephone is being rung.

If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz quicker and louder than the ringing signal.

For ASSISTANCE on local calls dial "Operator."

#### LEWISTON CALLS

To call Lewiston customers, dial the number in the same manner as for calls within Youngstown.

#### OTHER OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

#### EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION AND REPAIR SERVICE calls, dial "Operator."

#### HOW TO CALL THE OTHER PARTIES ON YOUR LINE

Parties on your line are shown on the reverting code card which has been furnished you.

To call another party on your line, dial the code number and then replace your receiver on its holder.

Your telephone bell, as well as that of the called party, will ring. You will hear either the called party's ring or your own. When the called party answers, your bell will stop ringing.

Then remove your receiver and talk to your party.

If your bell does not stop ringing after a reasonable time, it means that the called party does not answer and you should remove your receiver for a short period and then replace it. This will stop your bell ringing and disconnect you from the called party's telephone.

If you do not have the code number of the party you wish to call dial "Operator" and ask for it.
